MongooseDB
Soft Skills Good communication, English proficiency, Adaptability

PROJECTS

Blog
Built a Blog website that displays the necessary basic skills required for full stack web developement(CRUD operations, navigating between pages, login and registration) by using ReactJS, NodeJS, Mongoose, PassportJS and BootStrap.

Portfolio Site A portfolio site that displays the skills, technologies and projects that I have worked on. It is made using React, Bootstrap, EmailJS and Javascript.

LEADERSHIP

- Participated in two MUN (Model United Nations) where I had to represent a country assigned to me as their delegate addressing the agenda of a certain committee in the UN
- Team leader(for a team of 3) for an entrepreneurship event in the 11th grade where we had to pitch our idea to judges and then sell that certain product in the school.
